(17) Japanese Laid-Open Patent Publication No. 2003-114473, which was published on April 18, 2003, together with an English language abstract of the same.

With respect to documents (10)-(15) and (17), Applicant notes that English language translations are not currently available. However, such English language translations will be submitted together with an Information Disclosure Statement as soon as they become available.

Applicant also brings to the Examiner's attention the following documents which were cited in a United Kingdom Search Report that issued in United Kingdom Patent Application No. GB 0422629.6 on February 24, 2005:

(18) Japanese Laid-Open Patent Publication No. 2004-257555, which was published on September 16, 2004. Applicant notes that this publication is a family member of U.S. Application Publication No. 2004/0042092, the application of which was previously identified in an Information Disclosure Statement. A copy of this Laid-Open Publication is thus not being submitted herewith.

However, if a copy of the same is needed, the Examiner is respectfully requested to contact the undersigned;

(19) United Kingdom Patent Application Publication No. GB 2394787, which was published on May 5, 2004. Applicant notes that this document is a patent family member of document (18) and thus a copy of this United Kingdom Publication is not being submitted herewith. However, should a copy be needed, the Examiner is respectfully requested to contact the undersigned. Applicant additionally brings to the Examiner's attention its patent family member U.S.

Patent Application Publication No. 2004/0042092 to NOMURA (mentioned above), which was published on March 4, 2004. Applicant notes that this U.S. Patent Application was previously brought to the Examiner's attention in an Information Disclosure Statement;

(20) U.S. Patent Application Publication No. 2004/0141735 to NOMURA, which was published on July 22, 2004. Applicant notes that this document was previously brought to the Examiner's attention in an Information Disclosure Statement;

(21) U.S. Patent Application Publication No. 2004/0062536 to NOMURA, which was published on April 1, 2004. Applicant notes that this document was previously brought to the Examiner's attention in an Information Disclosure Statement;

(22) U.S. Patent Application Publication No. 2004/0042776 to NOMURA, which was published on March 4, 2004. Applicant notes that this document was previously brought to the Examiner's attention in an Information Disclosure Statement;

(23) U.S. Patent No. 6,185,375 to KAZUO, which issued on February 6, 2001; and

(24) U.S. Patent No. 5,715,482 (mentioned above).

The category of relevance, pertinent portions, and claims to which each document is relevant, as ascertained by the United Examiner are set forth in the United Kingdom Search Report.

Further to 37 C.F.R. §1.98 (a)(2)(ii), copies of the U.S. patents are not enclosed herewith. However, if any copies are needed, the Examiner is respectfully requested to contact the undersigned.

Applicant respectfully requests that the Examiner consider the above material and cite the same. Copies of documents (6)-(8) and (10)-(17) are attached hereto and all of the documents are listed on the attached PTO-1449 Form. The Examiner is requested to initial the appropriate spaces on the attached Form and to return a copy of the completed Form to Applicant with the next official communication in the present application;

Applicant notes that a Request for Continued Examination is being submitted herewith. Thus, no fee is believed necessary to ensure consideration of the submitted material.

Applicant further calls to the Examiner's attention U.S. Patent Application Publication No. 2004/0227844 to SAKAMOTO, which was published on November 18, 2004. Applicant notes that while the publication is not prior art to the present application and the claims contained therein are not understandable to the Applicant of the present application, in compliance with 35 U.S.C. §135, Applicant calls this publication to the Examiner's attention in the event that the Examiner may determine that any claims therein contain subject matter that is substantially the same as any of the claims of the present application.

Should the Examiner have any questions, the Examiner is invited to
contact the undersigned at the below-listed telephone number.

Respectfully Submitted,
Hiroshi NOMURA
